

STEAMER SINKS TORPEDO BOAT OF THE GERMAN NAVY

Engineer of War Craft Is
Drowned, but Others of
the Crew Are Saved.

CUXHAVEN, Germany, March 12.—The German torpedo boat, "S. 127" was run into and sunk by a steamer at the mouth of the River Elbe to-day.

The chief engineer of the torpedo boat was drowned, but the remainder of the crew were rescued.

The name of the steamer in collision with the war craft is not known.

HUGHES'S FIRST VETO HITS RAINES AND CHURCH SOCIETY

(Special to The Evening World.)
ALBANY, March 12.—Gov. Hughes vetoed to the Legislature to-day his first veto message of the session. It hits the venerable boss of the Senate, John Raines, of Canandaigua. The bill vetoed by the Governor was introduced by Raines to permit a church society in the village of Canandaigua, Ontario County, to change its name.

The object of the measure, says the Governor, can be accomplished under the provisions of the code of civil procedure.

"BATTERY DAN" HIT BY ASSEMBLY BILL

Others Also Under Ban of
Measure Forbidding Judges
to Be District Leaders.

(Special to The Evening World.)
ALBANY, March 12.—Assemblyman Lee, of Brooklyn, to-day introduced a bill which makes it impossible for a City Magistrate or a Municipal Court Judge to be a district leader. One of the measures provides that no City Magistrate shall serve as representative of any political party for any Assembly, Alderman, Senator or Congressional district, on the executive committee or other governing body or any political party organization or political party association.

The other bill places the same restrictions upon Municipal Court Judges. There are at present at least three men holding such judicial office in Manhattan and acting as district leaders, namely "Battery Dan" Finn, who is a City Magistrate; Benjamin Hoffman, who is a Municipal Court Judge; and City Magistrate Walsh. Magistrate Voorhees, in Brooklyn, is also a district leader.

Assemblyman Lee said in relation to his bills:

"Some of these judges engage every year in primary fights in which they use to the full extent the political opportunities which their judicial position gives them. The temptation for a Judge who is also a district leader to engage in politics and favor his friends from the bench is one that ought to be removed by making it impossible for these officers to occupy

both positions at the same time. There is not a valid argument in favor of such a dual position.

BRITISH GRAFTERS SQUEEZE EMIGRANTS.

HALIFAX, N. S., March 12.—Coincident with an investigation at Liverpool, England, of charges of conspiracy to defraud emigrants from Great Britain to Canada, Dr. Hugh L. Dickey, who has been in charge of the Trachoma Hospital in this city and connected with the Medical Inspector of Immigrants, has resigned at the request of the Government officials. The claim is made, and is supported by the evidence taken by the British investigating board in Liverpool, that persons who were absolutely free from diseases were held up by inspecting physicians here and forced to pay certain sums of money before being allowed entrance into the Dominion, or else mulcted on the other side of the ocean and passed by the Halifax officials after an exchange of pecuniary interests.

The investigations brought out that three men in Liverpool, Michael Larkle, Charles Harrison and Arthur Aspin, who evidently stood close to the emigration authorities, had been extorting money from emigrants to ensure their admission into Canada.

GOV. GUILD NO BETTER.
BOSTON, March 12.—Gov. Guild's illness of grip and rheumatism, from which he has suffered considerably for several days, continued to-day with no signs of improvement. He passed a very uncomfortable night.

The Best PIANO Investment You Can Make Is Buying a WALTERS

Here is an unexampled opportunity for prospective piano purchasers to invest their money in a piano that will pay handsome dividends in enjoyment.

Buying a WALTERS Piano is as safe an investment as buying United States gold bonds. Pianos that are inferior to the WALTERS are selling at double their prices. When you buy a Walters Piano, you save as much as you pay for it, and the interest on your money will be a lifelong musical satisfaction.

Why pay \$500 for a piano when for one-half that amount you can get a Walters Concert Grand Model L Upright that in every way is every bit as good?

Bloomingdale's are enabled to sell these Walters Pianos at such low prices and give twice as much quality because they are satisfied with making a minute profit—a profit that would be ruinous to exclusive piano dealers. We give you every advantage of our superior ability as merchants. We give you every benefit we reap through our practically unlimited resources and our large purchasing power for cash.

An example of the excellent values we offer in Walters Pianos is this special sale to-morrow of
